

# How long will you stand aside?

I have stood aside and watched while the once greatest, most civilized, and most humane nation in history was being converted into a jungle.

I have stood aside and watched while the greatest good will the world has ever seen between multiple white nationalities within one nation, was being deliberately changed into suspicion, dissension and hatred.

I have stood aside and watched while this “land of the free and the home of the brave” was being conditioned by traitors to seek peace at any price-even at the price of independence and freedom.

I have stood aside and watched while our courts encouraged and our press glorified the perpetrators of crime who have spread riots, vandalism, robbery, and murder across our land.

I have stood aside and watched while our colleges have been taken over by misguided children without the slightest understanding of the civilization they have inherited, or of the evil forces by which they have been duped by.

I have stood aside and watched while our great system of public education has been turned into a propaganda agency for revolution and spawning ground for homosexuality, race mixing, sex abuse and crime.

I have stood aside and watched while meretricious scoundrels, using our television media, our motion picture screens, our newsstands, and other available means, have contrived to bring about a breakdown of morality that is reducing millions of Americans to the level of animals.

I have stood aside and watched while the basic human loyalties- loyalty to God, loyalty to country, and loyalty to family- were being destroyed by evil forces, which now permeate every segment of American life.

And I have had enough. I am only one person, but I shall no longer refuse “to get involved” what about you? How much longer will you stand aside????

**REMEMBER:** the only way for evil to triumph is for good men to do nothing.
